Drink Packages

Our venues provide flexible options for beverage service to accommodate your event's needs:

- **Cash Bar:** The default setting for events is a cash bar, where guests have the option to purchase a wide selection of liquors, beers, and cocktails individually. Payment methods at the cash bar include cash, debit, or credit card.
- **Drink Tickets:** As an alternative to a cash bar, we offer drink tickets that can be purchased in advance for \$8 each. These tickets can be given to guests to exchange for their choice of beverage at the bar. This allows for controlled distribution of drinks and helps manage consumption.
- **Open Bar Tab:** For hosts who wish to provide drinks for their guests, we can establish an open bar tab. We work closely with the event host to set a pre-agreed limit to ensure budget control. Regular updates on the tab's status will be provided throughout the event, so hosts can monitor spending. Once the pre-set limit is reached, the host can decide whether to extend the limit or revert to a cash bar.

These options are designed to offer flexibility and control over the beverage service for your event, ensuring that both guests and hosts can enjoy the occasion with ease and convenience.
